QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: *Why am I receiving these materials?*

A: The Board of Directors (the “Board”) of Hewlett-Packard Company, a Delaware corporation (“HP”), is providing these proxy materials for you in connection with HP’s annual meeting of stockholders, which will take place on March 16, 2005. As a stockholder, you are invited to attend the annual meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Q: *What information is contained in this proxy statement?*

A: The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, HP’s Board and Board committees, the compensation of directors and the five most highly paid executive officers for fiscal 2004, and certain other required information.

Q: *How may I obtain HP’s 10-K and other financial information?*

A: A copy of our 2004 Form 10-K is enclosed.

Stockholders may request another free copy of the 2004 Form 10-K and other financial information from:

**Hewlett-Packard Company
Attn: Investor Relations
3000 Hanover Street
Palo Alto, CA 94304
(866) 438-4771 (U.S. and Canada) or
(402) 572-4975 (international)**

Alternatively, current and prospective investors can access the 10-K and other financial information on HP’s Investor Relations web site at:

<http://investor.hp.com/docreq.cfm>

HP will also furnish any exhibit to the 2004 Form 10-K if specifically requested.

Q: *What items of business will be voted on at the annual meeting?*

A: The items of business scheduled to be voted on at the annual meeting are:

- The election of directors

- The ratification of HP’s independent registered public accounting firm for the 2005 fiscal year
- The approval of an additional 75 million shares for the Hewlett-Packard Company 2000 Employee Stock Purchase Plan, also known as the “Share Ownership Plan”

We will also consider any other business that properly comes before the annual meeting. See “What happens if additional matters are presented at the annual meeting?” below.

Q: *How does the Board recommend that I vote?*

A: Our Board recommends that you vote your shares “FOR” each of the nominees to the Board, “FOR” the ratification of HP’s independent registered public accounting firm for the 2005 fiscal year, and “FOR” the approval of an additional 75 million shares for the Hewlett-Packard Company 2000 Employee Stock Purchase Plan.

Q: *What shares can I vote?*

A: Each share of HP common stock issued and outstanding as of the close of business on January 18, 2005, the *Record Date*, is entitled to be voted on all items being voted upon at the annual meeting. You may vote all shares owned by you as of this time, including (1) shares held directly in your name as the *stockholder of record*, including shares purchased through HP’s Dividend Reinvestment Plan and HP’s employee stock purchase plans and shares held through HP’s Direct Registration Service, and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank. On the *Record Date* we had approximately 2,907,908,163 shares of common stock issued and outstanding.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Most HP stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with HP's transfer agent, Computershare Investor Services LLC ("Computershare"), you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by HP. As the *stockholder of record*, you have the right to grant your voting proxy directly to HP or to a third party, or to vote in person at the meeting. HP has enclosed or sent a proxy card for you to use.

Beneficial Owner

If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card on behalf of your broker, trustee or nominee. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and you are also invited to attend the annual meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

Since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting.

Q: *What if I have questions for HP's transfer agent?*

A: Please contact HP's transfer agent, at the phone number or address listed below, with questions concerning stock certificates, dividend checks, transfer of ownership or other matters pertaining to your stock account.

Q: *How can I attend the annual meeting?*

A: You are entitled to attend the annual meeting only if you were an HP stockholder or joint holder as of the close of business on January 18, 2005 or you hold a valid proxy for the annual meeting. You should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record or hold your shares through the Hewlett-Packard Company 401(k) Plan (the "HP 401(k) Plan") or the Hewlett-Packard Company 2000 Employee Stock Purchase Plan (the "Share Ownership Plan"), your name will be verified against the list of stockholders of record or plan participants on the record date prior to your being admitted to the annual meeting. If you are not a stockholder of record but hold shares through a broker, trustee or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to January 18, 2005, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting.

The meeting will begin promptly at 2:00 p.m., local time. Check-in will begin at 12:30 p.m., local time, and you should allow ample time for the check-in procedures.

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held in your name as the stockholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

By Internet—Stockholders of record of HP common stock with Internet access may submit proxies by following the “Vote by Internet” instructions on their proxy cards. Most HP stockholders who hold shares beneficially in street name may vote by accessing the website specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for Internet voting availability.

By Telephone—Stockholders of record of HP common stock who live in the United States or Canada may submit proxies by following the “Vote by Phone” instructions on their proxy cards. Most HP stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for telephone voting availability.

By Mail—Stockholders of record of HP common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. HP stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided and mailing them in the accompanying pre-addressed envelopes.

Q: *What is the deadline for voting my shares?*

A: If you hold shares as the stockholder of record, or through the Share Ownership Plan, your vote by proxy must be received before the polls close at the annual meeting.

If you hold shares in the HP 401(k) Plan, your voting instructions must be received by 11:59 p.m. Eastern time on March 13, 2005 for the trustee to vote your shares.

If you hold shares beneficially in street name with a broker, trustee or nominee, please follow the voting instructions provided by your broker, trustee or nominee. You may vote your shares in person at the annual meeting, only if at the annual meeting you provide a legal proxy obtained from your broker, trustee or nominee.

Q: *Can I change my vote?*

A: You may change your vote at any time prior to the vote at the annual meeting, except that any change to your voting instructions for the HP 401(k) Plan must be provided by 11:59 p.m. Eastern time on March 13, 2005 as described above. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the HP Corporate Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q: *Who can help answer my questions?*

A: If you have any questions about the annual meeting or how to vote or revoke your proxy, you should contact HP’s proxy solicitor:

Innisfree M&A Incorporated
501 Madison Avenue, 20th Floor
New York, New York 10022
Stockholders: (877) 750-5838
International calls: (646) 822-7402
Banks and brokers (call collect):
(212) 750-5833

If you need additional copies of this proxy statement or voting materials, please contact Innisfree M&A Incorporated (“Innisfree”) as described above or send an e-mail to info@innisfreema.com.

Q: *Is my vote confidential?*

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within HP or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to HP management.

Q: *How many shares must be present or represented to conduct business at the annual meeting?*

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of shares of HP common stock entitled to vote must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: *How are votes counted?*

A: In the election of directors, you may vote “FOR” all or some of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. You also may cumulate your votes as described below under “Is cumulative voting permitted for the election of directors?”

For the other items of business, you may vote “FOR,” “AGAINST” or “ABSTAIN.” If you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.” If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (“FOR” all of HP’s nominees to the Board, “FOR” ratification of HP’s independent registered public accounting firm, “FOR” approval of an additional 75 million shares for the Share Ownership Plan, and in the discretion of the proxy holders, Patricia C. Dunn, Robert P. Wayman and Ann O. Baskins, on any other matters that properly come before the meeting). For any shares you hold in the HP 401(k) Plan, if your voting instructions are not received by 11:59 p.m. Eastern

time on March 13, 2005, your shares will be voted in proportion to the way the other HP 401(k) Plan participants vote their shares, except as may be otherwise required by law.

Q: *What is the voting requirement to approve each of the proposals?*

A: In the election of directors, the nine persons receiving the highest number of “FOR” votes at the annual meeting will be elected. All other proposals require the affirmative “FOR” vote of a majority of those shares present in person or represented by proxy and entitled to vote on those proposals at the annual meeting. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions have the same effect as votes against the matter.

Q: *Is cumulative voting permitted for the election of directors?*

A: In the election of directors, you may elect to cumulate your vote. Cumulative voting will allow you to allocate among the director nominees, as you see fit, the total number of votes equal to the number of director positions to be filled multiplied by the number of shares you hold. For example, if you own 100 shares of stock, and there are nine directors to be elected at the annual meeting, you may allocate 900 “FOR” votes (nine times 100) among as few or as many of the nine nominees to be voted on at the annual meeting as you choose.

If you choose to cumulate your votes, you will need to submit a proxy card or a ballot and make an explicit statement of your intent to cumulate your votes, either by so indicating in writing on the proxy card or by indicating in writing on your ballot when voting at the annual meeting. If you hold shares beneficially in street name and wish to cumulate

votes, you should contact your broker, trustee or nominee. If you sign your proxy card or voting instruction card with no further instructions, Ms. Dunn, Mr. Wayman and Ms. Baskins, as proxy holders, may cumulate and cast your votes in favor of the election of some or all of the applicable nominees in their sole discretion, except that none of your votes will be cast for any nominee as to whom you instruct that your votes be withheld.

Cumulative voting applies only to the election of directors. For all other matters, each share of common stock outstanding as of the close of business on the *Record Date* is entitled to one vote.

Q: *What happens if additional matters are presented at the annual meeting?*

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Ms. Dunn, Mr. Wayman and Ms. Baskins, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: *Who will serve as inspector of elections?*

A: The inspector of elections will be a representative from an independent firm, IVS Associates, Inc.

Q: *What should I do if I receive more than one set of voting materials?*

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each HP proxy card and voting instruction card that you receive.

Q: *How may I obtain a separate set of proxy materials or request a single set for my household?*

A: If you share an address with another stockholder, you may receive only one set of proxy materials (including our 2004 Form 10-K and proxy statement) unless you have provided contrary instructions. If you wish to receive a separate set of proxy materials now, please request the additional copies by sending an e-mail to Innisfree at info@innisfreema.com or calling:

Q: *Who will bear the cost of soliciting votes for the annual meeting?*

A: HP is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition

to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Innisfree to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Innisfree a fee of \$15,000 plus customary costs and expenses for these services. HP has agreed to indemnify Innisfree against certain liabilities arising out of or in connection with its agreement. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

Q: *Where can I find the voting results of the annual meeting?*

A: We intend to announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2005.

Q: *What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?*

A: You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in HP's proxy statement for the annual meeting next year, the Corporate Secretary of HP must receive the written proposal at our principal executive offices no later than October 14, 2005. Such proposals also must comply with Securities and Exchange Commission regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
Hewlett-Packard Company
3000 Hanover Street
Palo Alto, California 94304
Fax: (650) 857-4837

For a stockholder proposal that is not intended to be included in HP's proxy statement under Rule 14a-8, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of HP common stock to approve that proposal, provide the information required by the bylaws of HP and give timely notice to the Corporate Secretary of HP in accordance

with the bylaws of HP, which, in general, require that the notice be received by the Corporate Secretary of HP:

- Not earlier than the close of business on November 16, 2005, and
- Not later than the close of business on December 16, 2005.

If the date of the stockholder meeting is moved more than 30 days before or 60 days after the anniversary of the HP annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in HP's proxy statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

- 90 days prior to the meeting; and
- 10 days after public announcement of the meeting date.

Nomination of Director Candidates: You may propose director candidates for consideration by the Board's Nominating and Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary of HP at the address of our principal executive offices set forth above.

In addition, the bylaws of HP permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of HP common stock to elect such nominee and provide the information required by the bylaws of HP, as well as a statement by the nominee acknowledging that he or she will owe a fiduciary obligation to HP and its stockholders. In addition, the stockholder must give timely notice to the Corporate Secretary of HP in accordance with the bylaws of HP, which, in general, require that the notice be received by the Corporate Secretary of HP within the time period described above under "Stockholder Proposals" for stockholder proposals that are not intended to be included in HP's proxy statement.

Copy of Bylaw Provisions: You may contact the HP Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. HP's bylaws also are available on HP's website at <http://www.hp.com/hpinfo/investor/bylaws.html>.

Board Independence

HP's Corporate Governance Guidelines provide that a majority of the Board shall consist of independent directors. The Board has determined that each of the director nominees standing for election, except the Chief Executive Officer (the "CEO") and Chief Financial Officer, and each of the members of each Board Committee has no material relationship with HP (either directly or as a partner, shareholder or officer of an organization that has a relationship with HP) and is independent within the meaning of HP's director independence standards. These standards reflect exactly New York Stock Exchange Inc. ("NYSE") and NASDAQ Stock Market, Inc. ("NASDAQ") director independence standards, as currently in effect.

Board Structure and Committee Composition

As of the date of this proxy statement, our Board has nine directors and the following five committees: (1) Acquisitions, (2) Audit, (3) HR and Compensation, (4) Nominating and Governance, and (5) Technology. The committee membership and meetings during the last fiscal year and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. All of the committee charters are available on HP's website at <http://www.hp.com/hpinfo/investor/structure.html>. During fiscal 2004, the Board held eight meetings. Each director attended at least 75% of all Board and applicable committee meetings. Directors are encouraged to attend annual meetings of HP stockholders. Eight directors attended the last annual meeting of stockholders.

Consideration of Director Nominees

Stockholder nominees

The policy of the Nominating and Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board to be included in HP's proxy statement as described below under "Identifying and Evaluating Nominees for Directors." In evaluating such nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under "Director Qualifications." Any stockholder nominations proposed for consideration by the Nominating and Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
Hewlett-Packard Company
3000 Hanover Street
Palo Alto, CA 94304
Fax: (650) 857-4837

In addition, the bylaws of HP permit stockholders to nominate directors for consideration at an annual stockholder meeting and to solicit proxies in favor of such nominees. For a description of the process for nominating directors in accordance with HP's bylaws, see "Questions and Answers about the Proxy Materials and the Annual Meeting—What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?" on page 7.

Director Qualifications

HP's Corporate Governance Guidelines contain Board membership criteria that apply to nominees recommended by the Nominating and Governance Committee for a position on HP's Board. Under these criteria, members of the Board should have the highest professional and personal ethics and values, consistent with longstanding HP values and standards. They should have broad experience at the policy-making level in business, government, education, technology or the public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all stockholders of HP.

Identifying and Evaluating Nominees for Directors

The Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Governance Committee and may be considered at any point during the year. As described above, the Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for the Board to be included in HP's proxy statement. Following verification of the stockholder status of people proposing candidates, recommendations are considered together by the Nominating and Governance Committee at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for HP's annual meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the

Nominating and Governance Committee. The Nominating and Governance Committee also reviews materials provided by professional search firms and other parties in connection with a nominee who is not proposed by a stockholder. In evaluating such nominations, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

HP engages a professional search firm on an ongoing basis to identify and assist the Nominating and Governance Committee in identifying, evaluating and conducting due diligence on potential director nominees. On February 7, 2005 and February 8, 2005, the Board elected Thomas J. Perkins and Robert P. Wayman, respectively, as directors. Mr. Perkins previously served as a director from May 2002 until March 2004. Mr. Wayman previously served as a director from December 1993 until May 2002. Neither Mr. Perkins nor Mr. Wayman was identified by the professional search firm.

Executive Sessions

Executive sessions of independent directors are held at least three times a year. The sessions are scheduled and chaired by the Chair of the Nominating and Governance Committee, the Non-Executive Chairman or any other director whom the Board from time to time may request to preside at such sessions. Any non-management director may request that an additional executive session be scheduled.

Communications with the Board

Individuals may communicate with the Board by submitting an e-mail to HP's Board at **bod@hp.com** or by sending a letter to:

Rosemarie Thomas
Secretary to the Board of Directors
3000 Hanover Street, MS 1050
Palo Alto, CA 94304

All directors have access to this correspondence. Communications that are intended specifically for non-management directors should be sent to the e-mail address or street address noted above, to the attention of the Chair of the Nominating and Governance Committee. In accordance with instructions from the Board, the Secretary to the Board reviews all correspondence, organizes the communications for review by the Board, and posts communications to the full Board or individual directors as appropriate. HP's independent directors have requested that certain items that are unrelated to the Board's duties, such as spam, junk mail, mass mailings, solicitations, resumes and job inquiries, not be posted.

Policy regarding Stock Option Expensing

At HP's annual meeting of stockholders held in March 2004, a majority of votes cast were voted in favor of an advisory stockholder proposal requesting that the Board establish a policy of expensing the costs of all future stock options issued by HP, and HP announced that it would duly consider this recommendation. The Board appreciates and takes seriously the views expressed by HP stockholders and has carefully deliberated the issues relating to expensing employee stock options over the course of several meetings in order to respond appropriately to this proposal.

HP has sought clarity and guidance from the appropriate authorities on the requirement to expense options and the rules and guidelines for such expensing. Now that these requirements and guidelines have been clarified through the Financial Accounting Standards Board's issuance of Statement of Financial Accounting Standards No. 123 (revised) in December 2004, HP expects to begin expensing all share-based payments to employees, including stock options, in the fourth quarter of 2005.

New York Stock Exchange Certification

The certification of the Chief Executive Officer required by the New York Stock Exchange Listing Standards, Section 303A.12(a), relating to HP's compliance with the New York Stock Exchange Corporate Governance Listing Standards, was submitted to the New York Stock Exchange on April 15, 2004.

Common Stock and Dividends

HP is listed on the NYSE, NASDAQ and the Pacific Exchange, with the ticker symbol HPQ. HP has paid cash dividends each year since 1965. The current rate is \$0.08 per share per quarter.

See "Principal Accountant Fees and Services" on page 49. Representatives of Ernst & Young LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

PROPOSAL NO. 3

APPROVAL OF AN ADDITIONAL 75 MILLION SHARES FOR THE HEWLETT-PACKARD COMPANY 2000 EMPLOYEE STOCK PURCHASE PLAN

The HR and Compensation Committee of the Board has amended the Hewlett-Packard Company 2000 Employee Stock Purchase Plan (the "Share Ownership Plan") to increase the number of shares available under the plan by 75 million shares, subject to approval by HP stockholders. If HP's stockholders approve the proposed amendment to the Share Ownership Plan, a total of 175 million shares of common stock (approximately 6% of the outstanding shares as of December 31, 2004) will be reserved for issuance pursuant to the Share Ownership Plan. The amendment to the Share Ownership Plan providing for 75 million additional shares will not become effective until it is approved by HP's stockholders. Stockholder approval is required by applicable stock exchange listing standards and Section 423(b) of the Internal Revenue Code, as amended, (the "Code"). The Board is asking HP stockholders to approve the additional shares under the Share Ownership Plan to assist HP in achieving its goals of increasing profitability and stockholder value by providing HP employees an opportunity to purchase shares of HP common stock, while also qualifying such shares for special tax treatment under Sections 421 and 423 of the Code.

Our Board recommends a vote FOR the approval of the amendment to increase by 75 million shares the number of shares available pursuant to the Share Ownership Plan.

Vote Required

Approval of the proposed amendment to the Share Ownership Plan requires the affirmative vote of a majority of the shares of HP common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting.

SUMMARY OF THE SHARE OWNERSHIP PLAN

GENERAL. The purpose of the Share Ownership Plan is to provide employees of HP and its designated subsidiaries with an opportunity to purchase HP common stock and, therefore, to have an additional incentive to contribute to the prosperity of HP.

ADMINISTRATION. The Share Ownership Plan is administered by a committee (the "Committee") appointed by the Board. The Committee has full power to interpret the Share Ownership Plan, and the decisions of the Board and the Committee are final and binding upon all participants.

ELIGIBILITY. Any employee of HP or any HP subsidiary designated by the Committee who is regularly employed for at least 20 hours per week and more than five months in a calendar year on an Entry Date (as defined below) is eligible to participate in the Share Ownership Plan during the Offering Period (as defined below)

beginning on that Entry Date, subject to administrative rules established by the Committee. However, no employee is eligible to participate in the Share Ownership Plan to the extent that, immediately after the grant, that employee would own 5% of either the voting power or the value of HP's common stock, and no employee's rights to purchase HP's common stock pursuant to the Share Ownership Plan may accrue at a rate that exceeds \$25,000 per calendar year. Eligible employees become participants in the Share Ownership Plan by filing with HP an enrollment agreement authorizing payroll deductions on a date set by the Committee prior to the applicable Entry Date. As of October 31, 2004, approximately 143,000 HP employees, including 16 executive officers, were eligible to participate in the Share Ownership Plan.

PARTICIPATION IN AN OFFERING. The Share Ownership Plan is implemented by offering periods lasting for six months (an "Offering Period"). The duration and timing of Offering

Periods may be changed or modified by the Committee. The first six-month Offering Period commenced on November 1, 2004. Prior to November 1, 2004, each Offering Period lasted two years. The Share Ownership Plan was amended on August 25, 2004 to reduce Offering Periods from 24 months to six months. Every six months on the last trading day of each Offering Period (a "Purchase Date") common stock is purchased under the Share Ownership Plan unless the participant becomes ineligible, withdraws or terminates employment earlier. To participate in the Share Ownership Plan, each eligible employee must authorize payroll deductions pursuant to the Share Ownership Plan. Such payroll deductions may not exceed 10% of a participant's eligible compensation and also are subject to the limitations discussed above. Subject to these limitations, a participant may increase or decrease his or her rate of contribution through payroll deductions at any time. Each participant who has elected to participate is automatically granted an option to purchase shares of common stock on the Entry Date. The Entry Date is the first trading day of the Offering Period (an "Entry Date"). The option expires at the end of the Offering Period, upon termination of employment, or if the employee becomes ineligible, whichever is earlier, but is exercised at the end of each Offering Period to the extent of the payroll deductions accumulated during such Offering Period. The number of shares that may be purchased by an employee in any Offering Period, subject to the limitations discussed above, may not exceed 5,000 shares of common stock during an Offering Period.

PURCHASE PRICE, SHARES PURCHASED. Shares of common stock may be purchased under the Share Ownership Plan at a price equal to not less than 85% of the fair market value of the common stock on (i) the Entry Date or (ii) the Purchase Date, whichever is less. On December 31, 2004, the closing price per share of HP common stock was \$20.97. The number of shares of HP common stock a participant purchases in each Offering Period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that Offering Period by the purchase price.

TERMINATION OF EMPLOYMENT. Termination of a participant's employment for any

reason, including death, immediately cancels his or her option and participation in the Share Ownership Plan. In such event, the payroll deductions credited to the participant's account will be returned without interest to him or her or, in the case of death, to the person or persons entitled to those deductions.

ADJUSTMENTS UPON CHANGES IN CAPITALIZATION, MERGER OR SALE OF ASSETS. In the event that HP common stock is changed by reason of any stock split, stock dividend, combination, recapitalization or other similar changes in HP's capital structure effected without the receipt of consideration, appropriate proportional adjustments may be made in the number of shares of stock subject to the Share Ownership Plan, the number of shares of stock to be purchased pursuant to an option and the price per share of common stock covered by an option. Any such adjustment will be made by the Board, whose determination shall be conclusive and binding. In the event of a proposed sale of all or substantially all of the assets of HP or the merger or consolidation of HP with another company, the Board may determine that each option will be assumed by, or an equivalent option substituted by the successor company or its affiliates, that the purchase date will be accelerated, or that all outstanding options will terminate and accumulated payroll deductions will be refunded.

AMENDMENT AND TERMINATION OF THE PLAN. The Board may terminate or amend the Share Ownership Plan at any time, except that without stockholder approval the Board may not increase the number of shares subject to the Share Ownership Plan other than pursuant to adjustments upon changes in capitalization as described. The Share Ownership Plan will continue until November 1, 2010, unless otherwise terminated by the Board.

WITHDRAWAL. Generally, a participant may withdraw from the Share Ownership Plan during an Offering Period prior to the date established by the Committee as the change enrollment deadline, which generally is three weeks before a Purchase Date. The Committee may establish rules limiting the frequency with which participants may withdraw and re-enroll and may establish a waiting period for participants wishing to re-enroll.

SUB-PLANS. The Committee may adopt rules, procedures or sub-plans applicable to particular subsidiaries or employees in particular locations, which allow for participation in the Share Ownership Plan in a manner that may not comply with the requirements of Section 423 of the Code.

NEW PLAN BENEFITS. Because benefits under the Share Ownership Plan, as proposed to be amended, will depend on employees' elections to participate and the fair market value of HP common stock at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees if the proposed amendment to the Share Ownership Plan is approved by the stockholders. Non-employee directors are not eligible to participate in the Share Ownership Plan.

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES. If HP stockholders approve this proposal, the Share Ownership Plan, and the right of participants to make purchases thereunder, should qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant in connection with the shares issuable under the Share Ownership Plan until the shares purchased under the Share Ownership Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the applicable Entry Date and more than one year from the date of transfer of the shares to the participant, then the participant generally will recognize ordinary income measured as the lesser of (i) the excess of the fair market value of the shares at the time of such sale or disposition over

the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the applicable Entry Date. Any additional gain should be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of this holding period, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. HP is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants upon a sale or disposition of shares prior to the expiration of the holding period described above. In all other cases, no deduction is allowed to HP.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF UNITED STATES FEDERAL INCOME TAXATION UPON THE PARTICIPANTS AND HP WITH RESPECT TO THE SHARES PURCHASED UNDER THE SHARE OWNERSHIP PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES ARISING IN THE CONTEXT OF A PARTICIPANT'S DEATH OR THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT'S INCOME OR GAIN MAY BE TAXABLE.

INCORPORATION BY REFERENCE. The foregoing is only a summary of the Share Ownership Plan and is qualified in its entirety by reference to the full text of the Share Ownership Plan, a copy of which is attached hereto as Appendix D.

BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information, as of December 31, 2004, concerning:

- beneficial ownership by HP directors and nominees and the named executive officers set forth in the Summary Compensation table on page 29, and
- beneficial ownership by directors, nominees, named executive officers and current HP executive officers as a group.

The information provided in the table is based on HP's records, information filed with the Securities and Exchange Commission and information provided to HP, except where otherwise noted.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and holders of more than 10% of HP common stock to file with the Securities and Exchange Commission reports regarding their ownership and changes in ownership of our securities. HP believes that, during fiscal 2004, its directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements, with the exceptions noted herein. One late Form 4 report was filed by Michael J. Winkler on August 4, 2004 to report a cash distribution under the Hewlett-Packard Company Deferred Compensation Plan on January 22, 2004. In addition, one late Form 4 report was filed by Sanford M. Litvack on February 10, 2005 to report sales of shares from his individual retirement account and a purchase of shares by a trust of which he is a co-trustee from 2002 through 2004. In making these statements, HP has relied upon examination of the copies of Forms 3, 4 and 5, and amendments thereto, provided to HP and the written representations of its directors, executive officers and 10% stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

HP repurchases shares of its common stock under a systematic program to manage the dilution created by shares issued under employee stock plans and also to return cash to HP's stockholders. As part of this repurchase program, between December 1, 2003 and February 8, 2005, HP repurchased a total of 68,825,000 shares for \$1,378,259,886 from the David and Lucile Packard Foundation (the "Packard Foundation"). The Packard Foundation was a beneficial owner of more than 5% of HP common stock until September 1, 2004. Shares repurchased from the Packard Foundation were purchased under the terms of a memorandum of understanding dated September 9, 2002 and amended and restated September 17, 2004 that, among other things, prices the repurchases by reference to the volume weighted-average price for composite New York Stock Exchange transactions on trading days in which a repurchase occurs. Either HP or the Packard Foundation may suspend or terminate sales under the amended and restated memorandum of understanding at any time.

* As permitted under Securities and Exchange Commission rules, for fiscal 2003 and fiscal 2002 these figures include tax reimbursements but do not include perquisites and other personal benefits where the total incremental cost of all perquisites did not exceed \$50,000 per year.

- (1) The amounts shown in this column reflect payments under HP's Executive Pay-for-Results Plan (the "Executive PFR Plan," which term includes its predecessors, as applicable). HP employees who were subject to Section 16(a) of the Securities Exchange Act of 1934, as amended, at the beginning of the applicable performance period and selected other employees were eligible to participate in the Executive PFR Plan. During the fiscal years shown, all of the named executive officers participated in the Executive PFR Plan.

The Executive PFR Plan permits the HR and Compensation Committee to designate a portion of the target annual cash compensation for participants, including executive officers, as variable pay. Under the Executive PFR Plan, the percentage of the targeted variable amount that is paid depends upon the degree to which performance metrics defined on a semi-annual basis are met. In December 2003 and May and June 2004, the HR and Compensation Committee established the performance metrics for the first and second halves of fiscal 2004, respectively, which were weighted 40% based on revenue, 40% based on net profit, and 20% based on total customer experience.

For the first half of fiscal 2004, the HR and Compensation Committee determined that the following variable compensation for the named executive officers had been earned under the Executive PFR Plan: Mr. Wayman, \$348,904; Mr. Joshi, \$231,105; Ms. Livermore; \$224,893; Ms. Fiorina, \$1,001,910; and Mr. Zitzner, \$231,105. The HR and Compensation Committee determined that no variable compensation for the named executive officers had been earned under the Executive PFR Plan for the second half of fiscal 2004.

- (2) The HR and Compensation Committee awarded a bonus outside of the variable pay plans for all employees in an aggregate amount of \$90 million for HP's performance in the fourth quarter of fiscal 2004. The bonus column also includes the following amounts paid to the named executive officers pursuant to that action: Mr. Wayman, \$197,438; Mr. Joshi, \$130,781; Ms. Livermore, \$130,781; Ms. Fiorina, \$567,000; and Mr. Zitzner, \$130,781.
- (3) For fiscal 2004, this column includes the perquisites valued at their incremental cost to HP as itemized in the table below and tax reimbursements described below.

<u>Name</u>	<u>Security Services/ Systems</u>	<u>Personal Aircraft Usage</u>	<u>Personal Automobile Usage</u>	<u>Financial Counseling</u>	<u>Total</u>
Robert P. Wayman	N/A	\$47,846	N/A	\$18,000	\$ 65,846

Ann M. Livermore	N/A	89,239	N/A	18,000	107,239
Carleton S. Fiorina	\$7,381	66,846	\$909	18,000	93,136
Duane E. Zitzner	N/A	99	N/A	21,500	21,599

This column also includes tax reimbursements for each named executive officer as follows: Mr. Wayman, \$4,342, \$3,198, and \$5,776; Mr. Joshi, \$14,664, \$3,563, and \$3,061; Ms. Livermore \$2,204, \$2,822, and \$2,381; Ms. Fiorina, \$41,646, \$26,205, and \$27,949; and Mr. Zitzner, \$2,933, \$3,434, and \$2,381, in fiscal 2004, 2003, and 2002, respectively.

Amounts reported for Ms. Livermore include \$57,436 and \$45,221 for personal aircraft usage in fiscal 2003 and 2002, respectively. Amounts reported for Ms. Fiorina in fiscal 2003 include \$38,165 for personal use of corporate aircraft and in fiscal 2002 include \$14,950 for tax services.

- (4) The amounts shown in this column reflect the dollar values based on the closing price at grant of time-based restricted stock granted to the named executive officers in fiscal 2004. The time-based restricted stock was granted on December 15, 2003 and vested 100% after one year.

At the end of fiscal 2004, the aggregate share amount and dollar value based on the closing price on October 29, 2004 of the restricted stock held by the named executive officers was:

	<u>Number of Shares</u>	<u>Value</u>
Robert P. Wayman	15,000	\$279,900

The program provided incentives to a group of employees who were considered critical to the completion of the Compaq acquisition, to the integration of the companies, or to ongoing business operations. Under the program, Mr. Wayman, Mr. Joshi, Ms. Livermore and Mr. Zitzner were entitled to receive two equal annual payments in the following amounts: Mr. Wayman, \$2,428,125; Mr. Joshi, \$2,050,000; Ms. Livermore \$2,100,000; and Mr. Zitzner, \$2,175,000. The first installment was paid on September 4, 2002, and the second installment was paid on September 4, 2003.

For Ms. Livermore, for fiscal 2003, this column also includes a service award of 10 shares of common stock valued at \$158 awarded to her for her 20-year service anniversary. This award was made pursuant to the Service Anniversary Stock Plan, which provides for grants of 10 shares of common stock to eligible employees upon completion of 10, 20, 30, 40 or 50 years of service.

In addition, for Ms. Fiorina, this column also includes HP-sponsored mortgage assistance, in accordance with HP's standard mortgage assistance program that is generally available to employees who relocate, in the following respective amounts during fiscal 2004, 2003, and 2002: \$36,343; \$83,589 and \$125,383.

Fiorina Severance Agreement and Release," on page 40.
- (10) Mr. Zitzner retired in fiscal 2005. Upon retirement, Mr. Zitzner received retirement benefits consistent with HP's practices, as described under "Employment Contracts, Termination of Employment and Change-in-Control Arrangements—HP Retirement Arrangements" on page 40.

OPTION GRANTS IN LAST FISCAL YEAR

The following table provides information on option grants in fiscal 2004 by HP to each of the named executive officers. HP did not grant any stock appreciation rights to the named executive officers during fiscal 2004.

Name	Number of Securities Underlying Options Granted ⁽¹⁾⁽²⁾	Percent of Total Options Granted to Employees in Fiscal Year ⁽³⁾	Exercise Price (\$/Share)	Expiration Date	Grant Date Present Value (\$) ⁽⁴⁾
Robert P. Wayman	300,000	0.4%	\$22.015	March 2012	\$1,860,905
Vyomesh I. Joshi	300,000	0.4%	22.015	March 2012	1,860,905
Ann M. Livermore	500,000	0.7%	22.015	March 2012	3,101,508
Carleton S. Fiorina ⁽⁵⁾	700,000	1.0%	22.015	March 2012	4,342,112
Duane E. Zitzner ⁽⁶⁾	200,000	0.3%	22.015	March 2012	1,240,603

- (1) All options granted in fiscal 2004 are exercisable in the following percentages on the following anniversaries of the grant date: 25% after the first anniversary, 50% after the second anniversary, 75% after the third anniversary, and 100% after the fourth anniversary.
- (2) All of the unvested portions of these options vest in connection with certain terminations of employment, including termination due to death, disability, or retirement. In addition, HP's policy generally has been to provide accelerated vesting in the event of involuntary termination.
- (3) In fiscal 2004, HP granted options to employees to purchase a total of approximately 72 million shares.
- (4) HP used a modified Black-Scholes model of option valuation to determine grant date present value. Calculations for the named executive officers are based on a five-year option term, which reflects HP's expectation that its options, on average, will be exercised within five years of grant. Other assumptions used for the valuations are: risk free rate of return of 2.72%; annual dividend yield of 1.4%; and volatility of 35%. The resulting values are reduced by 7.8% to reflect HP's experience with forfeitures.
- (5) On February 8, 2005, Ms. Fiorina terminated as Chairman and Chief Executive Officer and resigned as a director, and her options vested, with a one-year post-termination exercise period.
- (6) In fiscal 2005 Mr. Zitzner retired, and his options vested, with a three-year post-termination exercise period.

FISCAL YEAR-END OPTION VALUES**

The following table provides information on option exercises with respect to HP common stock in fiscal 2004 by each of the named executive officers and the values of each of such officer's unexercised options at October 31, 2004. There were no stock appreciation rights for the named executive officers exercised or outstanding.

- (1) The value realized is based upon the difference between the market price of the shares purchased on the exercise date and the exercise price times the number of shares covered by the exercised option.
- (2) All of the unvested portions of these options vest in connection with certain terminations of employment, including termination due to death, disability, or retirement. In addition, HP's policy generally has been to accelerate vesting in the event of involuntary termination.
- (3) The value of unexercised options is based upon the difference between the exercise price and the closing market price on October 29, 2004, which was \$18.66.
- (4) On February 8, 2005, Ms. Fiorina terminated as Chairman and Chief Executive Officer and resigned as a director, and her options vested, with a one-year post-termination exercise period.
- (5) In fiscal 2005 Mr. Zitzner retired, and his options vested, with a three-year post-termination exercise period.

LONG-TERM INCENTIVE PLANS—AWARDS IN LAST FISCAL YEAR

In May 2004, the HR and Compensation Committee granted awards under the Long-Term Performance Cash Program (the “LTPC Program”) to selected senior managers, including the named executive officers. The LTPC Program was established in fiscal 2003 to drive value creation and operational efficiency through balance sheet and total stockholder return (“TSR”) performance measures, to retain top-performing and critical employees, and to reward senior managers for exceptional performance. The LTPC Program also is designed to reduce HP’s use of option grants for senior executives and, therefore, HP’s dilution levels. The total target long-term incentive amount for each program participant is split between options and long-term performance cash, as follows. First, a target number of option equivalents for each participant is determined. Fifty percent (for executive officers and other higher level participants) or two-thirds (for remaining participants) of this target amount is then granted to the participant in the form of options, and the remaining value (as determined in accordance with a modified Black-Scholes valuation model) is used as the target long-term performance cash payout amount under the LTPC Program for such participant. Awards to the named executive officers under the LTPC Program were granted pursuant to the Hewlett-Packard Company 2004 Stock Incentive Plan, which has been approved by HP stockholders.

The targeted long-term performance cash award amount for each participant was divided approximately into thirds corresponding to the three-year performance period of the LTPC Program (33% in the first and second years, 34% in the third). Annual milestones are set based on the performance metric of cash flow from operations as a percentage of revenue. At the end of each year, if HP achieves a threshold level of performance, a percentage will be applied to each participant’s targeted cash amount and banked on the participant’s behalf. The percentage to be applied to each participant’s targeted cash amount ranges from 0% to 150% based upon the extent to which performance goals are achieved. Interest, using the applicable federal rates determined by the Internal Revenue Service (the “IRS”), will be applied to banked amounts. If HP does not achieve a certain threshold level of performance for the year, the percentage applied will be zero.

At the end of the three-year performance period, the total banked amounts, if any, will be adjusted by applying a modifier based on HP’s TSR (which includes reinvestment of dividends) relative to the TSR for the S&P 500 for the three-year performance period. The modifier to be applied to each participant’s total banked amount ranges from 0% to 200%. If HP does not achieve a certain threshold TSR relative to the TSR for the S&P 500, then the modifier will be zero, and any banked amounts held by then current participants will be forfeited. The ultimate payout under this program is dependent on HP’s TSR relative to the TSR of the S&P 500 over the three-year performance period, and therefore, payouts, if any, generally will occur at the end of such three-year period.

If cash flow from operations as a percentage of revenue is below the threshold, no amounts will be banked for the year. Similarly, if TSR thresholds are not achieved for the three-year performance period, any banked amounts held by then current participants at the end of the period will be forfeited. To achieve a modifier above 100%, HP’s TSR must exceed the median of the TSR for the S&P 500 over the three-year performance period, and, to achieve the maximum payout, HP’s TSR must significantly exceed the median for S&P 500 companies.

Notwithstanding the foregoing, if a participant is no longer employed by HP due to involuntary termination, disability, retirement or death, targeted awards are paid subject to certain adjustments. In the event of voluntary terminations, any banked amounts will be forfeited and no payment is made.

Because the amount of an executive’s LTPC Program bonus is dependent upon the satisfaction of annual cash flow and three-year TSR objectives, the exact amount of the payout (if any) to an executive under the program cannot be determined at this time. The following table describes the hypothetical amounts that would be payable to named executive officers, excluding accrued interest, under LTCP

Program awards granted during fiscal 2004, assuming that threshold, target and maximum levels of both cash flow and TSR performance metrics are met.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes our equity compensation plan information as of October 31, 2004. Information is included for equity compensation plans approved by HP stockholders and equity compensation plans not approved by HP stockholders. In the case of equity compensation plans not approved by HP stockholders, many of the plans (including the equity compensation plans available to directors, officers and employees of Compaq, which HP acquired in fiscal 2002) were approved by stockholders of companies acquired by HP, as described in footnote (6) below. The table does not include the additional shares that may be issuable pursuant to the proposed amendment adding 75 million shares to the Share Ownership Plan that is the subject of Proposal No. 3 of this proxy statement.

In connection with the Indigo acquisition, HP also assumed stock options covering 1,876 shares at a price of \$17.96 granted to former Indigo employees under the Indigo plans noted above. These shares are not registered and are not reflected in the table above. While the Compaq plans listed above have not been approved by HP stockholders, they were approved by Compaq stockholders when the plans were initially implemented. Prior to the applicable acquisition by HP, stockholders of the acquired companies also approved the following plans: the StorageApps Inc. 2000 Stock Incentive Plan, the Flexible Stock Incentive Plan of Indigo N.V., the Indigo N.V. 1996 International Flexible Stock Incentive Plan, the 1992 Amended and Restated VeriFone Directors Stock Option Plan, the VeriFone Inc. Exercisable options issued under these plans are reflected in this column.

This figure also includes the individual option grants to Stone Yamashita described below under “Individual Arrangements.”

- (7) The table does not include 85,069 shares of HP common stock that may be distributed to participants under the Hewlett-Packard Company Executive Deferred Compensation Plan (the “EDCP”). While the EDCP does not provide a stock fund as a current hypothetical investment option, this plan includes a frozen stock fund investment option that was offered under the Compaq Computer Corporation Deferred Compensation and Supplemental Savings Plan; the plans were merged effective January 1, 2004. Participants are no longer allowed to invest in additional shares of HP common stock

under this plan. These shares are not included in calculating the weighted-average exercise price set forth in column (b).

- (8) Includes stock appreciation rights with respect to 1,433,417 shares of HP common stock assumed in connection with the Compaq acquisition.
- (9) Includes 29,123,064 shares available for option grants under the Compaq Computer Corporation 1989 Equity Incentive Plan, the Compaq Computer Corporation 1995 Equity Incentive Plan, the Compaq Computer Corporation 1998 Stock Option Plan and the Compaq Computer Corporation 2001 Stock Option Plan. HP assumed these plans in connection with the Compaq acquisition, and they have not been approved by HP stockholders.

Material Features of Plans Not Approved by Stockholders

HP assumed the Compaq Computer Corporation 1989 Equity Incentive Plan, the Compaq Computer Corporation 1995 Equity Incentive Plan, the Compaq Computer Corporation 1998 Stock Option Plan and the Compaq Computer Corporation 2001 Stock Option Plan in connection with the Compaq acquisition. These plans are administered by the HR and Compensation Committee of the Board. While the plans originally provided for a variety of awards, including non-qualified stock options, qualified stock options, stock appreciation rights, stock awards and cash, HP has amended these plans so that from July 18, 2002 only non-qualified stock options may be granted under these plans. Outstanding non-stock option awards, e.g., stock appreciation rights, will remain outstanding until they are exercised or expire pursuant to their original terms and conditions. Generally, options granted under these plans have grant prices equal to the fair market value of the stock on the grant date. These plans allow the HR and Compensation Committee to specify the conditions of the awards, including but not limited to the vesting period, option period, termination provisions and transferability provisions. Pursuant to the terms of these plans, all outstanding awards granted prior to September 1, 2001 under these plans became fully vested on March 20, 2002, the date on which Compaq stockholders approved the acquisition by HP. Vesting did not accelerate for awards granted on or after September 1, 2001, and those awards typically vest monthly over a 48-month period. Generally, awards may be exercised for the full life of the award if a participant's employment is terminated due to death, disability, or retirement. If a participant's employment is terminated other than due to death, disability, or retirement, the vested portion of his or her award may be exercised for up to one year (not to exceed the original term of the award) after his termination of employment. These plans will expire when there are no shares available for future grants. A total of 15,493,838, 11,968,568, 604,738 and 1,055,920 shares remain available for grants under the Compaq Computer Corporation 1989 Equity Incentive Plan, the Compaq Computer Corporation 1995 Equity Incentive Plan, the Compaq Computer Corporation 1998 Stock Option Plan and under the Compaq Computer Corporation 2001 Stock Option Plan, respectively.

Individual Arrangements

On March 7, 1999, HP issued Stone Yamashita an option to purchase 80,000 shares of HP common stock (as adjusted to reflect HP's subsequent two-for-one stock split) at a split-adjusted exercise price of \$34.5150, all of which are fully vested and expire on March 7, 2009, unless sooner terminated or cancelled in accordance with the terms of the agreements between HP and Stone Yamashita.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

HP Severance Policy for Senior Executives

Under the HP Severance Policy, which the Board adopted in July 2003, HP will seek stockholder approval for future severance agreements, if any, with senior executives that provide specified benefits in an amount exceeding 2.99 times the sum of the executive's current annual base salary plus annual target cash bonus, in each case as in effect immediately prior to the time of such executive's termination. In implementing the HP Severance Policy, the Board may elect to seek stockholder approval after the material terms of the relevant severance agreement are agreed upon. Senior executives subject to the HP Severance Policy are HP's executive officers for purposes of Section 16 of the Securities Exchange Act of 1934, as amended ("Senior Executives").

For purposes of determining the amounts subject to the HP Severance Policy, benefits subject to the limit generally include cash separation payments that directly relate to salary and bonus and extraordinary benefits that are not available to groups of employees other than the Senior Executives upon termination of employment. However, benefits that have been earned or accrued, as well as prorated bonuses, accelerated stock or option vesting and other benefits that are consistent with HP practices applicable to employees other than the Senior Executives, are not counted against the limit. In particular, benefits subject to the HP Severance Policy include: (a) separation payments based on a multiplier of salary plus target bonus, or cash amounts payable for the uncompleted portion of employment agreements; (b) any gross-up payments made in connection with severance, retirement or similar payments, including any gross-up payments with respect to excess parachute payments under Section 280G of the Code; (c) the value of any service period credited to a Senior Executive in excess of the period of service actually provided by such Senior Executive for purposes of any employee benefit plan; (d) the value of benefits and perquisites that are inconsistent with HP practices applicable to one or more groups of employees in addition to, or other than, the Senior Executives ("Company Practices"); and (e) the value of any accelerated vesting of any stock options, stock appreciation rights, restricted stock or long-term cash incentives that is inconsistent with Company Practices. The following benefits are not subject to the Severance Policy, either because they have been previously earned or accrued by the employee or because they are consistent with Company Practices: (a) compensation and benefits earned, accrued, deferred or otherwise provided for employment services rendered on or prior to the date of termination of employment pursuant to bonus, retirement, deferred compensation or other benefit plans, e.g., 401(k) plan distributions, payments pursuant to retirement plans, distributions under deferred compensation plans or payments for accrued benefits such as unused vacation days, and any amounts earned with respect to such compensation and benefits in accordance with the terms of the applicable plan; (b) payments of prorated portions of bonuses or prorated long-term incentive payments that are consistent with Company Practices; (c) acceleration of the vesting of stock options, stock appreciation rights, restricted stock or long-term cash incentives that is consistent with Company Practices; (d) payments or benefits required to be provided by law; and (e) benefits and perquisites provided in accordance with the terms of any benefit plan, program or arrangement sponsored by HP or its affiliates that are consistent with Company Practices.

For purposes of the HP Severance Policy, future severance agreements include any severance agreements or employment agreements containing severance provisions that HP may enter into after the adoption of the HP Severance Policy by the Board and agreements renewing, modifying or extending such agreements. Future severance agreements do not include retirement plans, deferred compensation plans, early retirement plans, workforce restructuring plans, retention plans in connection with extraordinary transactions or similar plans or agreements entered into in connection with any of the foregoing, provided that such plans or agreements are applicable to one or more groups of employees in addition to the Senior Executives.

HP Severance Program for Senior Executives

In October 2003, the HR and Compensation Committee adopted a severance program for Senior Executives (or persons who were Senior Executives of HP within 90 days of termination of HP employment) that provides a lump-sum severance payment upon a qualifying termination that is a multiple of

annual base salary and target cash bonus, as in effect prior to employment termination. The multiple used is 2.5 times for the position of Chief Executive Officer, two times for Executive Vice Presidents, 1.5 times for Senior Vice Presidents, and one time for Vice Presidents. Any payments under the severance program will be reduced by any cash severance benefit payable to the participant under any other HP plan, program or agreement, including cash amounts payable for the uncompleted portion of employment agreements and prorated cash bonuses under the applicable short-term bonus plan.

A participant will be deemed to have incurred a qualifying termination for purposes of this program if he or she is involuntarily terminated without cause (as defined below) and executes a full release of claims, in a form satisfactory to HP, promptly following termination. For purposes of the program, cause means a participant's material neglect (other than as a result of illness or disability) of his or her duties or responsibilities to HP or conduct (including action or failure to act) that is not in the best interest of, or is injurious to, HP.

This severance program is consistent with the HP Severance Policy because the payments provided for under the program do not exceed 2.99 times the sum of the Senior Executive's base salary plus bonus as in effect immediately prior to separation from employment.

Carleton S. Fiorina Severance Agreement and Release

HP entered into a Severance Agreement and Release (together, the "Agreement"), dated February 8, 2005, with Carleton S. Fiorina, who terminated as HP's Chairman and Chief Executive Officer and resigned as a director of HP on February 8, 2005. Pursuant to the Agreement, and in accordance with the terms of the HP Severance Program for Senior Executives adopted in 2003 (as described above), HP will make a cash payment of \$14,000,000 to Ms. Fiorina, which represents 2.5 times her base salary and targeted annual cash bonus. This amount will be payable six months after the date of the Agreement, together with interest at an annual rate of 2.78%. In addition, Ms. Fiorina will receive a payout of \$5,880,000, which represents Ms. Fiorina's award for the 2003-2004 program year of the LTPC Program, and a payout of \$1,502,700, which represents a prorated amount of Ms. Fiorina's award for the 2004-2005 program year of the LTPC Program, in each case calculated to reflect cash flow and TSR performance metrics established under the LTPC Program with respect to each program year at target. Ms. Fiorina's outstanding options to purchase 6,065,852 shares of HP common stock with a weighted average exercise price of \$35.73 as of the date of the Agreement vested, with a one-year post-termination exercise period. Ms. Fiorina will receive \$50,000 for financial counseling, legal and outplacement services. Ms. Fiorina also will be permitted to keep her personal computer equipment and receive technical support for a three-month period, will receive administrative support for a six-month period, and will receive maintenance of home security for a one-year period. Ms. Fiorina will receive a cash payment for the balance of her unused vacation time. Ms. Fiorina retained her vested rights under qualified HP retirement plans and under an HP excess benefit plan, and will be eligible for HP's continued group medical coverage through the Consolidated Omnibus Budget Reconciliation Act of 1995 (COBRA), for up to 18 months. Cash amounts payable as described above will be reduced by applicable withholding taxes. Pursuant to the Agreement, Ms. Fiorina provided HP and affiliates a general liability release and indemnification. The Agreement is subject to a seven calendar day revocation right on the part of Ms. Fiorina and, assuming no revocation, the Agreement will become effective on February 15, 2005.

HP Retirement Arrangements

Upon retirement, all HP employees, including the named executive officers, generally receive full vesting of options granted under HP stock plans with a three-year post-retirement exercise period. Restricted stock continues to vest in accordance with its normal vesting schedule, subject to certain restrictions. Targeted cash amounts, if any, are paid at a prorated rate to participants in the LTPC Program, and bonuses, if any, under the Executive PfR Plan are also paid at a prorated rate. In accordance with the American Jobs Creation Act of 2004, certain amounts payable upon retirement to named executive officers and other key employees from covered plans are not paid out for at least six months following termination of employment.

- (1) Amounts exceeding \$165,000 for the plan year from November 1, 2004 to October 31, 2005 and \$170,000 for the plan year from November 1, 2005 to October 31, 2006 (as adjusted from time to time by the IRS) would be paid pursuant to the Excess Benefit Plan.
- (2) No more than \$205,000 for the plan year from November 1, 2004 to October 31, 2005 and \$215,000 for the plan year from November 1, 2005 to October 31, 2006 (as adjusted from time to time by the IRS) of cash compensation may be taken into account in calculating benefits payable under the Retirement Plan.

The covered compensation under the plans described above for each of the named executive officers is the highest five-year average of the amounts shown in the “Salary” column of the Summary Compensation table and amounts paid pursuant to the Executive PFR Plan as shown in the “Bonus” column of the Summary Compensation table.

The Retirement Plan is a traditional defined benefit pension plan under which benefits are earned based on years of service and final average pay, reduced by a portion of Social Security earnings; the Retirement Plan generally applies to employees hired by HP before 2003. Employees hired on and after January 1, 2003 participate in the Hewlett-Packard Company Cash Account Pension Plan. The named executive officers all participate or participated, as applicable, in the Retirement Plan.

For participants employed by HP prior to 1993, benefits under the Retirement Plan with respect to periods prior to 1993 may be reduced or even eliminated based upon benefits earned under the Hewlett-Packard Company Deferred Profit Sharing Plan (the “DPSP”). The DPSP is a defined contribution plan last funded with contributions from HP in 1993; these amounts are held and invested in a separate account under the HP Master Trust. A participant’s benefit under the DPSP consists of contributions made by HP on his or her behalf as of 1993, plus the actual investment earnings (gains or losses) on such amounts. Together, the Retirement Plan and the DPSP constitute a “floor-offset arrangement” for periods prior to 1993. This type of arrangement provides a minimum guaranteed retirement benefit (the “floor”), offset by amounts held under the DPSP. If a participant’s benefit under the DPSP exceeds his or her benefit from the Retirement Plan for years prior to 1993, no amount is payable from the Retirement Plan with respect to that period of service. Due to the level of benefits paid under the Retirement Plan, as well as the generally favorable investment experience under the DPSP, many participants will receive only DPSP benefits (and no benefits from the Retirement Plan) for periods prior to 1993.

Because a participant’s DPSP benefit is determined by the actual investment returns of underlying assets, it is not possible to determine the amount of a DPSP benefit at any future time.

Benefits not payable under the Retirement Plan due to IRS limits are paid from the Excess Benefit Plan. When a participant commences benefits under the Retirement Plan, an account is created for him or her under the Excess Benefit Plan in the amount of benefits due. This account then is credited with investment earnings (gains and losses) according to the investment return under the DPSP, until such amounts are paid to the participant. For periods prior to 1993, the DPSP benefit also may offset some or all of the benefits otherwise payable from the Excess Benefit Plan.

Named executive officers named in the Summary Compensation table were credited with the following years of service: Mr. Wayman, 35 years; Mr. Joshi, 24 years; Ms. Livermore, 22 years; Ms. Fiorina, five years; and Mr. Zitzner, 15 years.

Retirement benefits shown are payable at age 65 in the form of a single life annuity, a joint annuity, or a lump sum to the employee, based on the employee’s election and reflect the maximum offset allowance currently in effect under Section 401(l) of the Code to compute the offset for such benefits under the plans. For purposes of calculating the benefit, an employee may not be credited with more than 30 years of service.

REPORT OF THE HR AND COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

HP's executive compensation program is administered by the HR and Compensation Committee of the Board of Directors (the "Committee"). The Committee is composed entirely of independent directors.

The Committee is responsible for compensation of HP's executive officers, recommending director compensation and providing strategic direction for HP's Total Rewards compensation and benefits structure, as well as HP's human resources programs. The specific duties and responsibilities of the Committee are described above under "Board Structure and Committee Composition—HR and Compensation Committee" and in the charter of the HR and Compensation Committee, which is included as Appendix B hereto and also is available on HP's website at <http://www.hp.com/hpinfo/investor/structure.html>.

The Committee met seven times during fiscal 2004. The Committee's regularly scheduled meetings typically last several hours, and all Committee members are actively engaged in the review of matters presented. The Committee selects and engages outside compensation consultants and other experts for survey data and other information as it deems appropriate, and utilizes outside consultants from time to time during the year.

The Committee has furnished the following report on executive compensation for fiscal 2004.

Executive Compensation Philosophy

A few simple principles are the foundation of our Total Rewards compensation and benefits program. Because employees are the key to our success, we believe in providing market-competitive compensation and benefits that will enable us to attract and retain a talented, diverse workforce, which helps us maintain a critical advantage in our competitive marketplace. In addition, our philosophy is that employees should have the opportunity for ownership and share in the value they help create. We also believe that rewards should be proportional to each employee's contribution to our success.

Our Total Rewards philosophy emphasizes each individual's responsibility for high achievement and provides a strong link between pay and performance on both an individual and company level.

Executive Compensation Practices

Each year, we survey the executive compensation practices of our technology and general industry peer groups, as well as our "blended peer" group,¹ which combines our technology and general industry peers. Our practice is to target our Total Rewards program for executive compensation at approximately the median percentile of total rewards provided by our blended peer group. Based upon review of the compensation arrangements discussed below, blended peer group compensation levels and our assessments of individual and corporate performance, we believe that the value and design of our executive compensation program is appropriate.

Components of Executive Compensation

Base Pay

Base pay is baseline cash compensation and is determined by the competitive market and individual performance. In general, base pay for each employee, including executive officers, is established each year based on (1) a compensation range which corresponds to the individual's job responsibilities, and (2) the individual's overall individual job performance.

Short-term Bonus/Variable Pay

Our short-term bonus/variable pay programs focus on matching rewards with results through

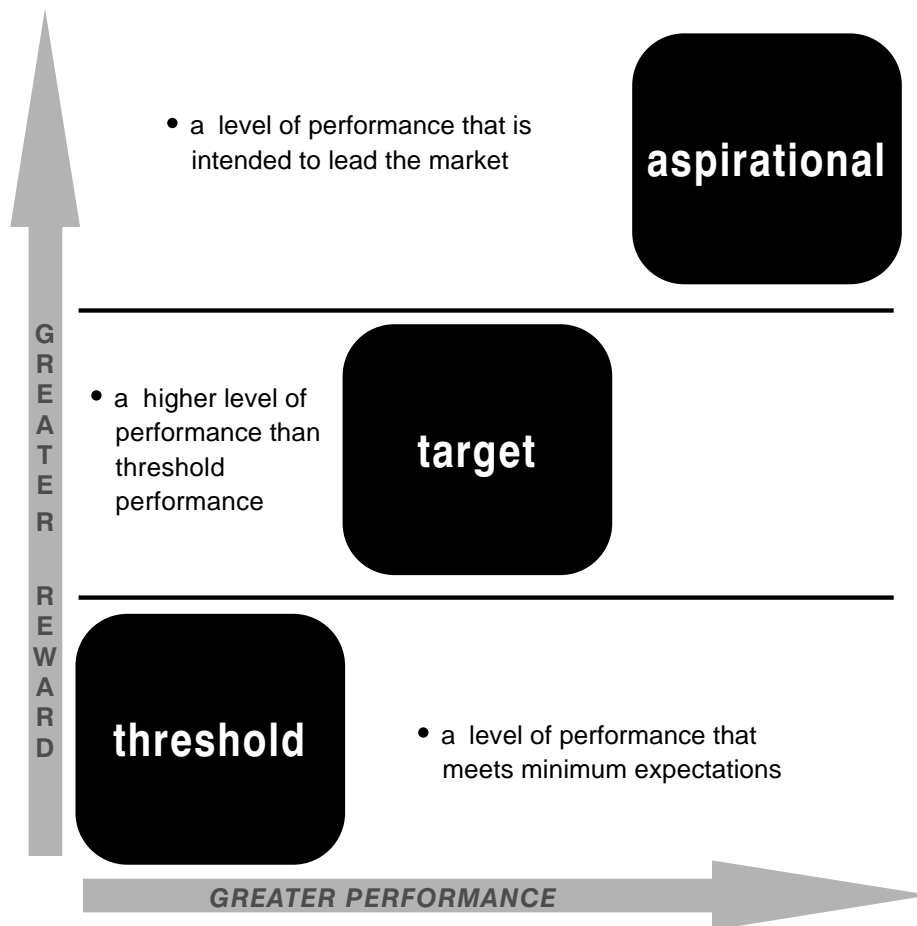

¹ The blended peer group used for executive compensation purposes, which benchmarks executive compensation against companies with which HP competes in the market for executive talent, differs from the peer group used in the stock performance graphs on page 48, which is determined in accordance with Securities and Exchange Commission regulations.

financial and customer metrics, as described below. Executive officers are eligible to participate in the Executive Pay-for-Results Plan (the “Executive PfR Plan”). We have three principal variable pay plans (excluding sales incentive plans):

- Executive PfR Plan (which in fiscal 2004 applied to the named executive officers and other executives)
- Pay-for-Results Short-Term Bonus Plan (for high-level, non-sales managers and individual contributors)
- Company Performance Bonus (which applies to all eligible employees except those participating in another variable pay plan)

The philosophy of our variable pay program is simple: a basic reward for reaching minimum expectations, and an upside for reaching HP’s

aspirational goals. The variable pay plans link HP’s semi-annual performance directly to compensation and encourage employees to make significant contributions toward top-line revenue and bottom-line net profit. The performance metrics for the Executive PfR Plan participants during fiscal 2004 were weighted as follows: 40% based on revenue, 40% based on net profit and 20% based on total customer experience. The variable pay plans measure company performance for each metric at three levels of performance (threshold, target and aspiration), each of which is tied to a specific level of reward. Once the funding for each metric was determined based on the results for the semi-annual performance period during fiscal 2004, the revenue and TCE amounts were subject to a net profit modifier, which was designed to reduce or increase such amounts depending upon the extent to which net profit goals were met.

Under the Executive PfR Plan in fiscal 2004, a portion of the executive's targeted cash compensation was placed "at risk" dependent upon HP results. The targeted short-term bonus amount for the named executive officers ranged from 125% to 300% of base salary. Depending upon the achievement of pre-determined performance metrics, we award executives between 0% and 300% of the targeted short-term bonus under this plan. The variable pay plans pay out semi-annually when, and if, performance goals are achieved. Based upon performance measured against pre-established goals, HP paid bonuses for the first semi-annual period covering the first and second quarters of fiscal 2004. No payments were made under this plan for the second semi-annual period of fiscal 2004.

The Committee also periodically considers bonuses outside of the variable pay plans, based on both individual and corporate performance. The Committee paid a bonus outside of the variable pay plans to all employees, including each of the named executive officers, for HP's performance in the fourth quarter of fiscal 2004.

Long-term Incentive Programs

HP's long-term incentive programs are designed to encourage creation of long-term value for our stockholders, employee retention and equity ownership. The programs consist of stock option grants, a long-term performance cash program (the "LTPC Program"), an employee stock purchase program and restricted stock awards. For fiscal 2004, our executive officers received a mix of options and long-term cash, determined as follows. First, a target number of options for each executive officer was determined. Fifty percent of those options were then granted to the named executive officer, and the remaining value (as determined in accordance with a modified Black-Scholes valuation model) was used as the target LTPC payout amount under the LTPC program for such executive. HP utilized the LTPC Program during fiscal 2004 in part to address dilution levels.

Fiscal 2004 stock option grants to executive officers and other employees were made under HP's 1995 Incentive Stock Plan and 2000 Stock Plan. Each grant allows the executive officer to acquire shares of HP's common stock, subject to

the completion of a four-year vesting period (25% vesting each year). These shares may be acquired at a fixed price per share (the fair market value on the grant date) and have an eight-year term.

The LTPC Program, which the Committee approved in May 2003, is designed to drive value creation and operational results through its use of balance sheet and total stockholder return ("TSR") performance measures. Each participant in the LTPC Program receives a targeted long-term incentive amount. Annual milestones relating to HP's cash flow from operations as a percentage of revenue must be met to receive a banked amount under the LTPC Program. At the end of a three-year performance period, a modifier approved at the beginning of the LTPC program will be applied to banked amounts held by then current participants as described above based on TSR relative to the TSR for the S&P 500 for the period. For a further description of the LTPC Program, see "Long-term Incentive Plans—Awards in Last Fiscal Year" on page 34.

From time to time, we also engage in restricted stock grants to reward performance and encourage retention. In December 2003, we authorized the grant of restricted stock (or deferred cash in certain jurisdictions outside of the United States) to executive officers and other key employees who participated in the Executive PfR Plan and the Pay-for-Results Short-term Bonus Plan. The restricted stock granted to executive officers vested in one year, subject to continued employment.

Stock Ownership Guidelines

Our stock ownership guidelines are designed to increase executives' equity stakes in HP and to align executives' interests more closely with those of our stockholders. The guidelines provide that the Chairman and CEO should attain an investment position in HP's stock equal to five times her base salary and all other executive officers should attain an investment position equal to three times their base salary. These guidelines should be achieved within five years. Shares counted toward these guidelines include:

- Any shares owned outright
- Shares held through the HP 401(k) Plan

- Shares received under restricted stock grants
- Vested but unexercised stock options (partial value is used for calculation)

Employee ownership of HP shares also is encouraged through the Share Ownership Plan, HP's employee stock purchase plan.

Benefits

The global benefits philosophy is that health and welfare benefits should provide employees protection from catastrophic events and should be competitive in local markets. Employees generally are responsible for managing benefit choices, balancing their own level of risk and return.

Corporate Tax Deduction on Compensation in Excess of \$1 Million a Year

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the "Code") generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the CEO or any of the four other most highly compensated officers. Performance-based compensation arrangements may qualify for an exemption from the deduction limit if they satisfy various requirements under Section 162(m). Although HP considers the impact of this rule when developing and implementing HP's executive compensation programs, HP believes that it is important to preserve flexibility in designing compensation programs. Accordingly, HP has not adopted a policy that all compensation must qualify as deductible under Section 162(m). While HP's stock options are intended to qualify as "performance-based" (as defined in the Code), amounts paid under HP's other compensation programs may not qualify.

Compensation for the Former Chairman and Chief Executive Officer

All aspects of the fiscal 2004 compensation of Ms. Fiorina, who terminated as Chairman and Chief Executive Officer and resigned as a director on February 8, 2005, were governed by the general principles of HP's Total Rewards program described above. We reviewed the individual components of Ms. Fiorina's Total Rewards package in order to ensure alignment of her compensation

with our blended peer group and to account for organizational considerations, and made an overall assessment of her performance during our March 2004 meeting. In determining to award restricted stock in December 2003 and the discretionary bonus in December 2004 as described above, the Committee also assessed Ms. Fiorina's performance, as well as the performance of other executives and employees. The Committee also considered Ms. Fiorina's compensation in light of the compensation paid to other HP executives, and amounts previously paid to Ms. Fiorina.

Competitive Forces

During fiscal 2004, we analyzed the total direct compensation for chief executive officers from the survey data for our blended peer group, certain technology companies and certain general industry companies of our size and complexity obtained from outside consultants. In addition, we reviewed all aspects of Ms. Fiorina's pay as described in the following paragraphs.

Base Pay

For fiscal 2004, Ms. Fiorina's base pay remained unchanged at \$1,400,000.

Short-term Bonus

Ms. Fiorina's targeted bonus opportunity was 300% of base salary for the first and second halves of fiscal 2004.

HP achieved objectives for the first half of fiscal 2004 that resulted in a payout to Ms. Fiorina of \$1,001,910 under the Executive PFR Plan. No payout was made to Ms. Fiorina under the Executive PFR Plan for the second half of fiscal 2004 because HP's threshold performance objectives were not achieved.

In December 2004, Ms. Fiorina was awarded a bonus outside of the Executive PFR Plan in the amount of \$567,000 based on HP's performance during the fourth quarter of fiscal 2004 as further described in footnote 2 to the Summary Compensation Table on page 30.

Long-term Incentives

In March 2004, the Committee reviewed Ms. Fiorina's performance, including her ability to

provide the leadership to implement and deliver results on her vision and strategy to re-invent HP. Based on this review, the Committee determined that Ms. Fiorina should be granted a long-term incentive award of fair market value non-qualified stock options to purchase 700,000 shares of HP common stock with a vesting schedule of 25% per year. In addition, the Committee determined, based upon Ms. Fiorina's performance, to grant Ms. Fiorina a long-term incentive cash award under the LTIC Program with a target value of \$6,010,800, payable upon the achievement of certain objectives over a three-year period, as further described under "Long-term Incentive Plans—Awards in Last Fiscal Year" on page 35. In December 2003, the Committee granted Ms. Fiorina 30,000 shares of restricted stock, which vested in December 2004, in connection with the grants described above under "Long-Term Incentive Programs."

Severance Arrangements

The terms of Ms. Fiorina's severance arrangements are described under "Employment Contracts, Termination of Employment and Change-In-Control Arrangements—Carleton S. Fiorina Agreement and Release" on page 40.

The undersigned members of the HR and Compensation Committee have submitted this Report to the Board of Directors.

In the event any Participant terminates employment with the Corporation or any of its Designated Affiliates for any reason (including death) prior to the expiration of an Offering Period, the Participant's participation in the Plan shall terminate and all amounts credited to the Participant's account shall be paid to the Participant or, in the case of death, to the Participant's heirs or estate, without interest. Whether a termination of employment has occurred shall be determined by the Committee. The Committee may also establish rules regarding when leaves of absence or changes of employment status will be considered to be a termination of employment, including rules regarding transfer of employment among Designated

Affiliates, Affiliates and the Corporation, and the Committee may establish termination-of-employment procedures for this Plan that are independent of similar rules established under other benefit plans of the Corporation and its Affiliates.

7. Offering.

7.1 Subject to adjustment as set forth in Section 10, the maximum number of shares of Common Stock that may be issued pursuant to the Plan shall be one hundred million (100,000,000), and an additional seventy-five million (75,000,000) shares of Common Stock may be issued pursuant to this Plan, subject to Shareowner approval. If, on a given Purchase Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Corporation shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

7.2 Each Offering Period shall be determined by the Committee. Unless otherwise determined by the Committee, the Plan will operate with successive six (6) month Offering Periods commencing at the beginning of each fiscal year half (November 1 and May 1). The Committee shall have the power to change the duration of future Offering Periods, without Shareowner approval, and without regard to the expectations of any Participants.

7.3 Each eligible Employee who has elected to participate as provided in Section 5.1 shall be granted an option to purchase that number of whole shares of Common Stock (not to exceed 5,000 shares, subject to adjustment under Section 10 of the Plan) which may be purchased with the payroll deductions accumulated on behalf of such Employee during each Offering Period at the purchase price specified in Section 7.4 below, subject to the additional limitation that no Employee shall be granted an option to purchase Common Stock under the Plan at a rate which exceeds U.S. twenty-five thousand dollars (U.S. \$25,000) of the Fair Market Value of such Common Stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time. For purposes of the Plan, an option is “granted” on a Participant’s Entry Date. An option will expire upon the earlier to occur of (i) the termination of a Participant’s participation in the Plan; or (ii) the termination of an Offering Period. This section shall be interpreted so as to comply with Code Section 423(b)(8).

7.4 The purchase price under each option shall be the lower of: (i) a percentage (not less than eighty-five percent (85%)) established by the Committee (“Designated Percentage”) of the Fair Market Value of the Common Stock on the Entry Date on which an option is granted, or (ii) the Designated Percentage of the Fair Market Value on the Purchase Date on which the Common Stock is purchased. The Committee may change the Designated Percentage with respect to any future Offering Period, but not below eighty-five percent (85%), and the Committee may determine with respect to any prospective Offering Period that the option price shall be the Designated Percentage of the Fair Market Value of the Common Stock on the Purchase Date.

8. Purchase of Stock.

Upon the expiration of each Offering Period, a Participant’s option shall be exercised automatically for the purchase of that number of whole shares of Common Stock which the accumulated payroll deductions credited to the Participant’s account at that time shall purchase at the applicable price specified in Section 7.4. Notwithstanding the foregoing, the Corporation or its designee may make such provisions and take such action as it deems necessary or appropriate for the withholding of taxes and/or social insurance which the Corporation or its Designated Affiliate is required by law or regulation of any governmental authority to withhold. Each Participant, however, shall be responsible for payment of all individual tax liabilities arising under the Plan.

9. Payment and Delivery.

As soon as practicable after the exercise of an option, the Corporation shall deliver to the Participant a record of the Common Stock purchased and the balance of any amount of payroll deductions credited to the Participant's account not used for the purchase, except as specified below. The Committee may permit or require that shares be deposited directly with a broker designated by the Committee or to a designated agent of the Corporation, and the Committee may utilize electronic or automated methods of share transfer. The Committee may require that shares be retained with such broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares. The Corporation shall retain the amount of payroll deductions used to purchase Common Stock as full payment for the Common Stock and the Common Stock shall then be fully paid and non-assessable. No Participant shall have any voting, dividend, or other Shareowner rights with respect to shares subject to any option granted under the Plan until the shares subject to the option have been purchased and delivered to the Participant as provided in this Section 9.

10. Recapitalization.

If after the grant of an option, but prior to the purchase of Common Stock under the option, there is any increase or decrease in the number of outstanding shares of Common Stock because of a stock split, stock dividend, combination or recapitalization of shares subject to options, the number of shares to be purchased pursuant to an option, the price per share of Common Stock covered by an option and the maximum number of shares specified in Section 7.1 may be appropriately adjusted by the Board, and the Board shall take any further actions which, in the exercise of its discretion, may be necessary or appropriate under the circumstances.

The Board's determinations under this Section 10 shall be conclusive and binding on all parties.

11. Merger, Liquidation, Other Corporation Transactions.

In the event of the proposed liquidation or dissolution of the Corporation, the Offering Period will terminate immediately prior to the consummation of such proposed transaction, unless otherwise provided by the Board in its sole discretion, and all outstanding options shall automatically terminate and the amounts of all payroll deductions will be refunded without interest to the Participants.

In the event of a proposed sale of all or substantially all of the assets of the Corporation, or the merger or consolidation of the Corporation with or into another corporation, then in the sole discretion of the Board, (1) each option shall be assumed or an equivalent option shall be substituted by the successor corporation or parent or subsidiary of such successor corporation, (2) a date established by the Board on or before the date of consummation of such merger, consolidation or sale shall be treated as a Purchase Date, and all outstanding options shall be exercised on such date, or (3) all outstanding options shall terminate and the accumulated payroll deductions will be refunded without interest to the Participants.

12. Transferability.

Options granted to Participants may not be voluntarily or involuntarily assigned, transferred, pledged, or otherwise disposed of in any way, and any attempted assignment, transfer, pledge, or other disposition shall be null and void and without effect. If a Participant in any manner attempts to transfer, assign or otherwise encumber his or her rights or interests under the Plan, other than as permitted by the Code, such act shall be treated as an election by the Participant to discontinue participation in the Plan pursuant to Section 5.2.

13. Amendment or Termination of the Plan.

13.1 The Plan shall continue until November 1, 2010 unless otherwise terminated in accordance with Section 13.2.

13.2 The Board may, in its sole discretion, insofar as permitted by law, terminate or suspend the Plan, or revise or amend it in any respect whatsoever, except that, without approval of the Share-owners, no such revision or amendment shall increase the number of shares subject to the Plan, other than an adjustment under Section 10 of the Plan.

14. Administration.

The Board shall appoint a Committee consisting of at least two members who will serve for such period of time as the Board may specify and whom the Board may remove at any time. The Committee will have the authority and responsibility for the day-to-day administration of the Plan, the authority and responsibility specifically provided in this Plan and any additional duty, responsibility and authority delegated to the Committee by the Board, which may include any of the functions assigned to the Board in this Plan. The Committee may delegate to one or more individuals the day-to-day administration of the Plan. The Committee shall have full power and authority to promulgate any rules and regulations which it deems necessary for the proper administration of the Plan, to interpret the provisions and supervise the administration of the Plan, to make factual determinations relevant to Plan entitlements and to take all action in connection with administration of the Plan as it deems necessary or advisable, consistent with the delegation from the Board. Decisions of the Board and the Committee shall be final and binding upon all participants. Any decision reduced to writing and signed by a majority of the members of the Committee shall be fully effective as if it had been made at a meeting of the Committee duly held. The Corporation shall pay all expenses incurred in the administration of the Plan. No Board or Committee member shall be liable for any action or determination made in good faith with respect to the Plan or any option granted hereunder.

15. Committee Rules for Foreign Jurisdictions and the Non-423 Plan.

15.1 The Committee may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules and procedures regarding handling of payroll deductions, payment of interest, conversion of local currency, payroll tax, withholding procedures and handling of stock certificates which vary with local legal requirements.

15.2 The Committee may also adopt rules, procedures or sub-plans applicable to particular Affiliates or locations, which rules, procedures or sub-plans may be designed to be outside the scope of Code Section 423. The terms of such rules, procedures or sub-plans may take precedence over other provisions of this Plan, with the exception of Section 7.1, but unless otherwise expressly superseded by the terms of such rule, procedure or sub-plan, the provisions of this Plan shall govern the operation of the Plan. To the extent inconsistent with the requirements of Code Section 423, such rules, procedures or sub-plans shall be considered part of the non-423 Plan, and the options granted thereunder shall not be considered to comply with Section 423.

16. Securities Laws Requirements.

The Corporation shall not be under any obligation to issue Common Stock upon the exercise of any option unless and until the Corporation has determined that: (i) it and the Participant have taken all actions required to register the Common Stock under the Securities Act of 1933, or to perfect an exemption from the registration requirements thereof; (ii) any applicable listing requirement of any stock exchange on which the Common Stock is listed has been satisfied; and (iii) all other applicable provisions of state, federal and applicable foreign law have been satisfied.

17. Governmental Regulations.

This Plan and the Corporation's obligation to sell and deliver shares of its stock under the Plan shall be subject to the approval of any governmental authority required in connection with the Plan or the authorization, issuance, sale, or delivery of stock hereunder.

18. No Enlargement of Employee Rights.

Nothing contained in this Plan shall be deemed to give any Employee the right to be retained in the employ of the Corporation or any Designated Affiliate or to interfere with the right of the Corporation or Designated Affiliate to discharge any Employee at any time.

19. Governing Law.

This Plan shall be governed by Delaware law, without regard to that State's choice of law rules.

20. Effective Date.

This Plan shall be effective November 1, 2000, subject to approval of the Shareowners of the Corporation within 12 months before or after its adoption by the Board.

21. Reports.

Individual accounts shall be maintained for each Participant in the Plan. Statements of account shall be given to Participants at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

22. Designation of Beneficiary for Owned Shares.

With respect to shares of Common Stock purchased by the Participant pursuant to the Plan and held in an account maintained by the Corporation or its assignee on the Participant's behalf, the Participant may be permitted to file a written designation of beneficiary. The Participant may change such designation of beneficiary at any time by written notice. Subject to local legal requirements, in the event of a Participant's death, the Corporation or its assignee shall deliver such shares of Common Stock to the designated beneficiary.

Subject to local law, in the event of the death of a Participant and in the absence of a beneficiary validly designated who is living at the time of such Participant's death, the Corporation shall deliver such shares of Common Stock to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Corporation), the Corporation in its sole discretion, may deliver (or cause its assignee to deliver) such shares of Common Stock to the spouse, dependent or relative of the Participant, or if no spouse, dependent or relative is known to the Corporation, then to such other person as the Corporation may determine.
